GLOBE 5173 STANDARD FORM

## CONFERENCE PROCEEDINGS 1972

Robert T. Wertz and Michael Collins, Editors

## GENERAL INFORMATION

Proceedings of the Conference on Clinical Aphasiology contain manuscripts of presentations made during the annual Clinical Aphasiology Conference.

The first conference was held in 1971. Proceedings were not published. This volume contains the proceedings of the second conference held in 1972. Proceedings of the third conference, held in 1973, are being prepared. Proceedings of the 1974 fourth conference and 1975 fifth conference have been published.

Distribution of the 1972 Conference Proceedings has been made to conference participants. A limited number of copies are available. Information on how to obtain copies of published proceedings is given inside the back cover.

Permission to quote a portion of any paper in this publication is hereby granted if permission is obtained from the author(s) and if credit is given to the author(s) and this publication.
