

CONTENTS

	Page
Doors, Mole Crickets, and Life after Puberty: Welcome and Opening Remarks. L. L. LaPointe	1
A Pre-History of the Problem of Broca's Aphasia. H. W. Buckingham, Jr.	3
Determining Rate of Change and Predicting Performance Levels in Aphasia Therapy. B. A. J. Matthews, L. L. LaPointe	17
Interobserver Reliability Procedures in Applied Aphasia Research: A Review with Suggestions for Change. K. P. Kearns	26
An Experimental Analysis of Acquisition, Generalization, and Maintenance of Naming Behavior in a Patient with Anomia. C. K. Thompson, K. P. Kearns	35
Stimulus Saliency in the Sorting Behavior of Aphasic Adults. S. B. Milton, R. T. Wertz, R. C. Katz, C. A. Prutting	46
The Effect of Alerting Signals on Left Brain Damaged (Aphasic) and Normal Subjects' Accuracy and Response Time to Visual Stimuli. F. L. Loverso, T. E. Prescott	55
The Effects of Dexamethasone on Cognitive, Speech, and Language Behavior: A Model for the Study of Recovery of Function. A. P. Salvatore, D. Blackwood, J. Sachdev	68
Production of Discourse and Communicative Competence in Aphasia. H. K. Ulatowska, A. J. North, S. M. Haynes	75
Speech Perception Among Patients Demonstrating Apraxia of Speech, Aphasia, and Both Disorders. P. A. Square, F. L. Darley, R. K. Sommers	83
Methodological Issues in the Evaluation of Auditory Comprehension in Aphasia by Metalinguistic and Sentence Verification Procedures. R. K. Peach	89
Lexical Parameters Affecting Sentence Recall by Adult Aphasic Patients. C. E. Buckley, J. D. Noll	96
"Show me the--Whatever": Some Variables Affecting Auditory Compre- hension Scores of Aphasic Patients. N. Helm-Estabrooks	105
Comparison of Spoken Sentence Pairs by Aphasic and Non-Brain-Damaged Subjects. R. H. Brookshire, L. E. Nicholas	108
Influence of the Preposition in Language Comprehension Subtests of the PICA. S. B. Sanders, G. A. Davis, R. Wells	115
The Use of Gestures in Dyads Consisting of an Aphasic and a Nonaphasic Adult. P. G. Larkins, E. J. Webster	120

Use of the Two-Alternative Forced-Choice Paradigm in Training Aphasic Error Recognition. J. D. Tonkovich, M. S. Berman	128
Amer-Ind Sign as a Communicative Facilitator for Aphasic and Apractic Patients. P. A. Dowden, R. C. Marshall, C. A. Tompkins	133
Group Treatment for Aphasia: A Panel Discussion. J. Aten, Moderator D. Kushner-Vogel, A. Haire, J. Fitch-West	141
On the Assessment of Naming Disturbances in Adult Aphasia. S. E. Williams, G. J. Canter	155
Differentiating Aphasia and the Language of Generalized Intellectual Impairment. J. L. Deal, R. T. Wertz, C. Spring	166
Variability of Performace on the Porch Index of Communicative Ability. J. Horner, L. Rothi	174
Clinical Significance of the PICA High-Low Gap. R. T. Wertz, L. M. Deal, J. L. Deal	180
Making Predictions About Recovery: Is There HOAP? B. E. Porch, S. Callaghan	187
A View From Within: Experience with Aphasia. J. A. Irwin	201
Methods of Communication Analysis used in Family Interaction Therapy. C. L. Florance	204
Comparative Family Perspectives on Aphasia: Diagnostic, Treatment, and Counseling Implications. S. Chwat, G. B. Gurland	212
Confidence in Ratings of Aphasic Patients' Functional Communication: Spouses and Speech-Language Pathologists. C. Linebaugh, H. Young-Charles	226
A Change of PACE: Spouses as Treatment Targets. M. Newhoff, J. K. Bugbee, A. Ferreira	234
A Diagnostic Protocol to Assess the Communication Deficits of Patients With Right Hemisphere Damage. B. L. Adamovitch, R. L. Brooks	244
Comprehension of Idiomatic Expressions by Right-Hemisphere-Damaged Adults. P. S. Myers, C. W. Lingbaugh	254
Language Utilization in Teaching Reading to Left Neglect Patients. K. Stanton, K.M. Yorkston, V. T. Kenyon, D.R. Beukelman	262
Treatment of Right Hemisphere Damaged Patients: A Panel Discussion. A. Davis, Moderator, P. Myers, B. Adamovitch, K. Yorkston	272

Another View of Amobarbital Induced Speech and Language Disturbances. S. J. Ewanowski, D. Cariski, J. Rosenbek	284
Language-Based Compensatory Training for Closed-Head-Injured Patients. K. M. Yorkston, K. M. Stanton, D. R. Beukelman	293
The Return of Speech 4-1/2 Years Post Head Injury: A Case Report. R. L. Warren, K. D. Datta	301
A Syndrome of Neuromotor Speech Deficit and Dysgraphia? J. Rosenbek, M. McNeil, M. Teetson, K. Odell, M. Collins	309
Cognitive Changes Post Carotid Endarterectomy. V. Wolfe, C. L. Florance, D. Mendelowitz, W. Evans	316
Persisting Language Deficit and the Minor Broca Syndrome (abstract). C. Tompkins, L. Golper, K. Lambrecht, R. Marshall, R. Nishimura.	322
<u>Discussion Sessions</u>	
What is Aphasia? J. R. Duffy, Moderator	327
Language Changes in Alzheimer's Dementia. J. Horner, A Heyman	330
Statistical Analysis in Single-Case Designs. K. Kitelman, J. Deal, R. T. Wertz	339
Auditory Comprehension in Aphasia. M. R. McNeil	342
