Clinical Aphasiology: Quo Vadis - Ouq Sidav. T.E. Prescott	iv
Special Panel: Issues and Directions for the Future	
Assessment and Treatment. G.A. Davis	1
Clinical Research in Aphasiology. R.H. Brookshire	9
Training in Aphasiology: Windows in the Crystal Ball. L.L. LaPointe	15
Speech Pathology - The Physician's Perspective. E.J. Metter.....	22
Validity of Multi-Sentence Reading Comprehension Subtests in Aphasia Tests. L.E. Nicholas, D.L. MacLennan, R.H. Brookshire	29
The Relationship Among Two Measures of Auditory Comprehension and Daily Living Communication Skills. L.L. LaPointe, P. Holtzapple, L. Fletcher Graham	38
A Computerized Version of the Coloured Progressive Matrices. K. Odell, M. Collins, T. Dirkx, D. Kelso	47
Prediction of Revised Token Test Overall, Subtest, and Linguistic Unit Scores by Two Shortened Versions. J.C. Arvedson, M.R. McNeil, T.L. West	57
Assessing Gestural Intelligibility of Normal and Aphasic Subjects. C.R. Flowers, M. Wyse	64
Extracting Implicit Meaning: Right versus Left Hemisphere Damage. P.S. Myers, C.W. Linebaugh, L. Mackisack-Morin	72
Paucity vs. Verbosity: Another Analysis of Right Hemisphere Communication Deficits. E. Hillis Trupe, A. Hillis	83
PICA Performance by Traumatically Brain Injured and Left Hemisphere CVA Patients. E. Bernstein-Ellis, R.T. Wertz, N.F. Dronkers, S.B. Milton	97
Bilingual Aphasia and its Implications for Cerebral Organization and Recovery. B.E. Porch, J. de Berkeley-Wykes	107
Aphemia with Dysarthria or Apraxia of Speech? M.A. Crary, T. Hardy, W.N. Williams	113
Remote Metabolic Effects in Aphasic Stroke Patients. E.J. Metter, W.H. Riege, W.R. Hanson, C.A. Jackson, J.C. Mazziotta, M.E. Phelps .	126
Lateralization of Word Discrimination Following Left or Right Stroke. W.H. Riege, E.J. Metter, W.R. Hanson	136

Language and Localization: A Comparison of Left, Right, and Bilaterally Brain-Damaged Patients. R.T. Wertz, N.F. Dronkers, J.L. Deal	141
Language Disorders Associated with Alzheimer's Dementia, Left Hemisphere Stroke, and Progressive Illness of Uncertain Etiology. J. Horner	149
The Evolution of Chronic Aphasia. W.R. Hanson, E.J. Metter, W.H. Riege	159
The Evolution of Initial Global Aphasia: Implications for Prognosis. A.L. Holland, C.S. Swindell, M.M. Forbes	169
Group Therapy for Aphasia: A Survey of V.A. Medical Centers. K.P. Kearns, N.N. Simmons	176
A Self-Modifying Computerized Reading Program for Severely Impaired Aphasic Adults. R.C. Katz, V. Tong Nagy	184
The Application of Microcomputers for the Treatment of Aphasic Adults. F.L. Loverso, T.E. Prescott, M. Selinger, K.M. Wheeler, R.D. Smith	189
Response Elaboration Training for Patient Initiated Utterances. K.P. Kearns	196
Experimental Analysis of Acquisition and Generalization of Syntax in Broca's Aphasia. P.J. Doyle, H. Goldstein	205
Experimental Analysis of a Syntax Stimulation Training Procedure. A.P. Salvatore	214
Communicative Use of Signs in Aphasia: Is Acquisition Enough? C.A. Coelho, R.J. Duffy	222
Contingent Queries and Revisions Used by Aphasic Individuals and Their Most Frequent Communication Partners. C.W. Linebaugh, C. Person Margulies, E.L. Mackisack	229
Relatives and Aphasia Clinicians - Do They Agree? D. Vogel, R.M. Costello	237
Analysis of Oral Narratives of Normal and Aphasic Adults. D. Bottenberg, M.L. Lemme, N. Hedberg	241
Aphasic Speakers' Use of Definite and Indefinite Articles to Mark Given and New Information in Discourse. E.A. Early, A.A. VanDemark	248
Referential Communication Abilities of Aphasic Speakers. C.R. Busch, R.H. Brookshire	255

Consistency of the Effects of Rate of Speech on Brain-Damaged Subjects' Comprehension of Information in Narrative Discourse. R.H. Brookshire, L.E. Nicholas	262
Methodology for Assessing Auditory Comprehension of Discourse in Aphasia. S.L. Bond, H.K. Ulatowska	272
The Influence of Three Types of Speech Production upon Auditory Comprehension in Aphasia. J.E. Treadwell, R.L. Warren, M.S. Wilson.....	280
Influence of Congruent and Incongruent Contexts on Prosodic Mood Recognition by Brain-Damaged Adults. C.A. Tompkins, C.R. Flowers ..	287
Aphasic Confrontation Naming Elaboration. R.C. Marshall, S.I. Neuburger, S.A. Starch	295
Effects of Hypnosis and Imagery Training on Naming in Aphasia. C.K. Thompson, H.R. Hall, C.E. Sison	301
Variations of Delayed Recall Performance of Aphasic and Normal Adults. F.L. Loverso, T.E. Prescott, J.L. Gruber	311
Efficacy of the PROMPT System of Therapy for the Treatment of Acquired Apraxia of Speech (Abstract) P.A. Square, D. Chumpelik, S. Adams	319
Expressive Language Recovery in Aphasia: The Shewan Spontaneous Language Analysis (SSLA) System. (Abstract) C.M. Shewan	321
