

	Page
Coverbal Behavior and Aphasic Speakers. R.C. Katz, L.L. LaPointe, N.N. Markel.	164
Finger Counting as an Intersystemic Reorganizer in Apraxia of Speech. N.N. Simmons.	174
Gesture As A Deblocking Modality in A Severe Aphasic Patient. P.R. Rao, J. Horner.	180
Gestural Signing: Treatment for a Letter Writing to Dictation Impairment. R.H. Mills, E. Kaufman.	188
Heightening the Action Imagery of Materials Used in Aphasia Treatment. J.F. West.	201
A Comparison of the Language Abilities of Two Aphasic Patients with a Neoplasms in the Dominant Hemisphere: Right-Hemisphere Versus Left-Hemisphere Language Dominance. J.M. Pettit, M.R. McNeil, J.R. Solomon.	212
A Comparison of Written and Spoken Language in Aphasia. H.K. Ulatowska, B.H. Hildebrand, S.M. Haynes.	223
The Effect of Grammatical Context On Repetition By Aphasic Adults. A.D. Martin, S. Kornberg, A. Hoffnung, L. Gerstman.	236
Diagnostic and Treatment Implications of an Analysis of Aphasic Adults' Contextual Language Comprehension. M.J. Wilcox, G.A. Davis, L.B. Leonard.	247
The Influence of Context on the Auditory Comprehension of Aphasic Subjects. M.R. Waller, F.L. Darley.	255
The Effects of Repetition of Token Test Commands on Auditory Comprehension. L.L. LaPointe, L.J. Rothi, D.J. Campanella.	262
Foreign Language Comprehension of Aphasic and Normal Subjects. R.C. Marshall, C.A. Thompson, M.T. Rau.	270
A Comparison of Apraxia of Speech, Slips of the Tongue, and Tongue Twisters as Faulty Motor Speech Programming. J.D. Noll.	280
A Diagnostic Dilemma. C.A. Lewis.	285
The Treatment of Developmental Dyspraxia of Speech: A Case Report. W.R. Berry, M. Newhoff.	295
The Counseling Needs of the Families of Aphasic Patients. C.W. Linebaugh, H.Y. Young-Charles.	304
A Unique Method For The Follow-up of Aphasic Patients. S. Mogil, D. Bloom, L. Gray, N. Lefkowitz.	314

	Page
2216 A Spouse Intervention Program: Planning, Implementation, and Problems of Evaluation. M. Newhoff, G.A. Davis.	318
A Comparison Of The Processes Of Memory And Perception Between Aphasic And Non-Brain-Injured Adults. B.L. Adamovich.	327
2217 Constructive Recall Strategies in Adult Aphasia. R. Lubinski, R. Chapey. .	338
2218 On Long-Term Memory Deficits: A Clinical Procedure Designed to Stimulate Memory Recall in an Aphasic Patient. R.K. Peach.	351
<u>Round Table Discussions</u>	
2219 Treating Mildly Aphasic Patients. R.T. Wertz.	361
2220 The Speech Pathologist's Role with Right Hemisphere Damaged Patients. P.S. Myers, J.F. West.	364
2221 Clinician-patient Interaction in Aphasia Treatment. R.H. Brookshire.	366

CONTENTS

	Page
Group Designs for the Study of Aphasia. R.T. Wertz, J. Rosenbek.	1
The Clinical Application of Withdrawal, Single-Case Research Designs. G.A. Davis.	11
Multiple Baseline Designs. L.L. LaPointe.	20
"Aphasia Treatment: An Exercise in Stimulus Control". A.P. Salvatore. . .	30
Discussion: "Our Data Not Our Word. G.A. Davis.	37
Effects of Clinician Request and Feedback Behavior on Responses of Aphasic Individuals in Speech and Language Treatment Sessions. R.H. Brookshire, L.S. Nicholas.	40
Analysis of Right Hemisphere Communication Deficits: Implications for Speech Pathology. P.S. Myers.	49
Spinning Off the Multiple Baseline Design in Its Clinical Application. J. Bisset, G.A. Davis.	58
Efficacy of Aphasia Rehabilitation: Preliminary Results. J.L. Deal, L.A. Deal.	66
Profiles Of Aphasia: Test Interpretation Regarding the Localization of Lesions. B.E. Porch.	78
The Effectiveness of the Porch Index of Communicative Ability as a Diagnostic Tool in Assessing Specific Behaviors of Senile Dementia. J.M. Watson, L.E. Records.	93
Measures Of PICA Subtest Variance: A Preliminary Assessment of Their Value As Predictors Of Language Recovery in Aphasic Patients. J.L. Aten, J.G. Lyon.	106
A Comparison Of The Porch Index of Communicative Ability And The Western Aphasia Battery. S.B. Sanders, G.A. Davis.	117
A System for Assessing Grammaticality in Connected Speech of Mildly Aphasic Individuals. K.M. Yorkston, D.R. Beukelman.	127
The Effects of Substituting "Objects" for "Forms" on the Revised Token Test (RTT) Performance of Aphasic Adults. L. Lohmann, T.E. Prescott. . .	138
Sex Differences in Neural Organization. M.L. Oelschlaeger.	147
Deficits of Nonverbal Communication in Aphasic Patients: A Test of Some Current Causal Theories. J.R. Duffy, J. Watt, R.J. Duffy.	153
