ANNOUNCEMENT

The Tenth Annual Clinical Aphasiology Conference will be held in Bar Harbor, Maine from June 2 through June 5, 1980.

Attendance will be limited to approximately 50 participants. Each applicant is required to submit a paper describing the applicant's proposed contribution to the program as a precondition for being invited to attend the conference. Deadline for applications and submission of proposals is January 15, 1980. As in the past, the program will focus on clinical management of persons with aphasia and will feature scientific papers, case reports, round table and panel discussions, special sessions, and a nationally recognized guest speaker. Requests for application materials should be directed to Leonard L. LaPointe, CAC Program Chairman, Audiology and Speech Pathology Service, Veterans Administration Medical Center, Gainesville, Florida 32602.
