

6th Annual Clinical
Aphasiology Conference

Bowman's Mount Hood Golf
and Country Club
Wemme, Oregon
May 18-21, 1976

May 18, 1976

Registration

Round Table Discussions

The Other Hemisphere - Narrated by Michael Collins
Alternative Modes of Communication - Narrated by Peggy Malone
Termination and Follow-Up - Narrated by Larry Warren
Formal and Informal Testing - Narrated by Margaret Lemme
Local Clinical Aphasiology Groups - Narrated by Bill Berry

May 19, 1976

Clinical Presentations - I
Moderator for all Sessions - Robert Keith

A System for Coding and Recording Clinician-Patient Interactions in
Aphasia Treatment
Robert Brookshire

Assessment of Oral Apraxia in Brain-Injured Adults
W. McNeal Moore
Jay Rosenbek
Leonard L. LaPointe

Submitted Papers - I
Performance of Normal (Non-Brain Injured) Adults on the Porch
Index of Communicative Ability
Joseph Duffy
Robert Keith
Howard Shane
Bonnie Podraza

The Automated Pulmonary Function Laboratory: Clinical Use in
Determining Respiratory Variations in Apraxia
Mary Ann Keatley
Patricia Pike

Intermittent Auditory Imperception: Characteristics and
Implications for Treatment

Robert Marshall
Elaine Jefferies
Marie Rau
Jack Thomas
Lee Golper

Differentiation of Linguistic and Visual Impairment in Alexia
with Agraphia

Emily Anderson
Hanna Ulatowska

Clinical Study of Responses to Olfactory Stimuli in Aphasic Adults
Jo Ann Smithpeter

An Investigation of Linguistic Variations in the Performance of
Schizophrenic and Aphasic Subjects on a Word-Ordering Task

Marie Rausch
Thomas Prescott

Clinical Presentations - III

The Measurement of Interictal Speech and Language Disturbances in
Temporal Lobe Epilepsy

Shirley Porrazzo
Assa Mayersdorf

Examination of Effects of Patient Characteristics on Delivery of
the Token Test Commands by Experienced Examiners in Different
Clinical Settings

Anthony Salvatore
Robert Brookshire

What Is It? Is It Contagious? What is the Significance of It?
Robert Keith

Testing Auditory Comprehension in Aphasia: A Clinical Alternative
to the Token Test

Bill Berry

May 20, 1976

Clinical Presentation - IV

Assessment of Communicative Competence in Aphasia

Hanna Ulatowska

Sara Haynes

Sharon Richardson

A Consideration of Differences in Verbal Stimulation Upon the
Language Output of Aphasic Patients

E. Gene Ritter

Submitted Papers - III

Aphasia Recovery of a Right-Handed Individual with Right Cerebral
Infarction

Robert Lozano

Carol Clark

Processing of True and False Affirmative Sentences by Aphasics

Joyce West

Carole Gelfer

Joyce Rosen

Repeated Trials of Words by Patients with Neurogenic Phonological
Selection -- Sequencing Impairment (Apraxia of Speech): Stimulus
Mode and Response Condition Revisited

Leonard LaPointe

Jennifer Horner

Invited Speaker

Maximizing Input to the Aphasic Patient: A Review of Research

Frederic Darley

Clinical Presentations - V

Intersystemic Reorganization for Expressive Aphasic Disorders

Jay Rosenbek

Michael Collins

Robert Wertz

Melodic Intonation Therapy: Variations on a Theme

Pat Holtzapple

Noel Marshall

Clinical Presentations - VI

Treatment: Writing Disorders

Sherry Haskins

An Application of Electromyographic Biofeedback to Aphasia/Apraxia
Treatment

Malcolm McNeil

Thomas Prescott

Margaret Lemme

Modular Therapy: A Practical Approach to Life Situations
E. Gene Ritter

May 21, 1976

Clinical Presentations - VII

The Midwestern Pennsylvania Stroke Club: Conclusions Following
the First Year's Operation of a Family Centered Program
Glen McCormick
Margaret Williams

Submitted Papers - IV

The Basic Foundation Approach for Decreasing Aphasia and Verbal
Apraxia in Adults
Ida Wiedel

Fading Pause Duration as a Treatment Technique for Training
Performance on Spoken Commands
Anthony Salvatore

Patterns fo Recovery from Central Nervous System Communication
Deficits in Non-Hemiplegic and Non-Hemiparetic Patients
Sally Key

On Employing Communication Aides in the Rehabilitation of Aphasics
G. Albyn Davis
Ann Daniel

The Aphasiologist and Patient Care Evaluation
Allen Boysen
